Try Calypso's Recipe for the Perfect Escape:

Start with: Palm trees & balmy breezes, fanciful pink flamingos, and a week's stay in gorgeous condos by the sea.

Add all you want of: Incredible shore diving—day and night— You'll be right at Bari Reef and there's over 50 Bonaire dive sites, plus each unit comes with a 4 door dive truck.

Top with: Unlimited Nitrox, plus a pristine ocean environment and abundant marine life...and Voila! You have Bonaire!

Servings: Every imaginable Caribbean creature and fish. We have encountered bait balls, spawning corals and fishes, and whale sharks on previous visits.

This trip is eight days and seven nights in ocean-face condos or studios and is based on quad or double occupancy in beautiful, fully appointed, air-conditioned, one or two-bedroom condos, complete with kitchen, living room, and deck or balcony, and in Studios.

Enjoy unlimited shore diving, both day and night. Boat Dives can be added.

Come to Bonaire with us!
